**\*\* STAFF REPORT \*\***

**PROJECT DESCRIPTION**

This request is for a Special Use Permit to allow Motor Vehicle Sales (Used) on 3.74 acres at 2025 South Decatur Boulevard. A Site Development Plan Review application, SDR-18034, to site the addition of a proposed 1,680 square-foot office building to an existing Motor Vehicle Sales (New) establishment is also for the subject site and will be considered concurrently.

The applicant indicates that this location is intended to be occupied by them for two years while the business locates a permanent location. This request is because of the loss of their current lease on premises in the county. The C-2 (General Commercial) zoning on the site is suitable for this use and approval of this request is recommended.

## DEVELOPMENT STANDARDS

*Pursuant to Title 19.04 and Title 19.10, the following parking standards apply:*

Parking Requirement							
Use	Gross Floor Area or Number of Units	Required			Provided		Compliance
		Parking Ratio	Parking		Parking		
			Regular	Handi-capped	Regular	Handi-capped	
Motor Vehicle Sales (Used)	1680 SF	1 space / 500 SF of GFA	4	1	5	1	Y
TOTAL (including handicap)	1,680 SF	1 space / 500 SF of GFA	4		5		Y

## ANALYSIS

The proposed Motor Vehicle Sales (Used) use is allowed with the approval of a special use permit in the C-2 (General Commercial) zoning district. Motor Vehicle Sales (Used) is defined in Title 19 as a facility or area used primarily for the display and sale or lease of used automobiles, motorcycles, and motor scooters. This use also includes service bays and auto body shops that are incidental and accessory to the sales use. There are no base conditions for approval of a Special Use Permit for a Motor Vehicle Sales (Used) use. These projects are evaluated on a case-by-case basis and conditions are imposed as needed.

This is an existing, operating auto dealership, Motor Vehicle Sales (New) use, which is leasing the applicant the space as indicated on the proposed site plan. The proposed Motor Vehicle Sales (Used) use requires four parking spaces, including one handicap accessible space. The submitted site plan indicates five spaces will be provided, including the handicap space depicted as van accessible. To ensure that parking is properly calculated for the entire site a condition has been added to the companion site development plan review case, SDR-18034, requiring a revised site plan that shows and tabulates parking for the entire site.

There are no Minimum Separation Distance Requirements in the Zoning Code that apply to the proposed Motor Vehicle Sales (Used) use, and this is an existing auto dealership, Motor Vehicle Sales (New) use, site.

The C-2 (General Commercial) zoning on the site is appropriate for this use and compatible with other commercial uses along South Decatur Boulevard. Staff is recommending approval of this application. However, staff is recommending denial of companion site development plan review case, SDR-18034, due to the applicant's request for waivers to the code requirements for perimeter landscape buffering widths, materials and parking lot landscaping.

## FINDINGS

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **“The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.”**

The proposed Motor Vehicle Sales (Used) use will be located on two lots that already contain an automotive related business and the surrounding land uses are commercial and medium density residential in character. The proposed use will be compatible with the surrounding land uses.

2. **“The subject site is physically suitable for the type and intensity of land use proposed.”**

The subject site contains an existing auto dealership, Motor Vehicle Sales (New) use, and is physically suitable for this proposed use.

3. **“Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.”**

The subject site is adjacent to South Decatur Boulevard, a 120-foot wide primary arterial that should be adequate to support the proposed use. Per the proposed site plan the site has additional access off of El Parque Ave, a 60-foot wide local right-of-way. These roadways will be adequate to meet the demand of the uses on the site.

4. **“Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.”**

The businesses on the subject site are routinely inspected for compliance to applicable codes; therefore, the public health, safety, and general welfare will be safeguarded.
